

I-PowR™ By **KZCO** inc. BATTERY SYSTEMS

Parts Included

The ***I-PowR*** battery system is an accessory that can be used with your ***I-OpenR*** device for environments where power outlets are not available. Simply install the ***I-PowR*** base into your waste receptacle next to the ***I-OpenR*** power unit, use the coiled cord to connect the ***I-PowR*** base to the power unit and insert the charged battery.

The ***I-PowR*** will allow for unlimited placement freedom – place your waste receptacles where you need them!
